

AW Interiors Project Management

DESCRIPTION

AW Interiors is a leading Commercial Interior and Shop Fitting company. We carry out all aspects of the project management, cost management, construction and manufacturing.

AW Interiors have the resources, personnel, capability and experience to project manage a project from the inception to completion. By offering the complete package we can eliminate the everyday headaches of a project. We can add value to the project by adding input at the design stage, preparing and monitoring a cost plan, supervision and programming the works to ensure completion targets a met.

Driving the project with teamwork is a key component for a successful project delivery. This includes close co-operation and good communication between the client, designers and the contractors. We have the experience, ability, integrity and resources to lead any project to achieve a successful outcome.
